Marine Geology Volume 156, 1999

Special Issue: Response of West Pacific Marginal Seas to Global Climate Change
Edited by M. Sarnthein and Pinxian Wang

Preface: Response of West Pacific marginal seas to global climatic change
M. Sarnthein and P. Wang 1
Response of Western Pacific marginal seas to glacial cycles: paleoceanographic and sedimentological features
P. Wang 5
Modern distribution patterns of planktonic foraminifera in the South China Sea and western Pacific: a new transfer technique to estimate regional sea-surface temperatures
U. Pflaumann and Z. Jian 41
A late Quaternary planktonic foraminifer faunal record of rapid climatic changes from the South China Sea
M.-T. Chen, C.-H. Wang, C.-Y. Huang, P. Wang, L. Wang and M. Sarnthein 85
Molecular biomarker record of sea surface temperature and climatic change in the South China Sea during the last 140,000 years
C. Pelejero, J.O. Grimalt, M. Sarnthein, L. Wang and J.-A. Flores 109
Quantitative composition of benthic foraminiferal assemblages as a proxy indicator for organic carbon flux rates in the South China Sea
W. Kuhnt, S. Hess and Z. Jian 123
Benthic foraminiferal paleoceanography of the South China Sea over the last 40,000 years
Z. Jian, L. Wang, M. Kienast, M. Sarnthein, W. Kuhnt, H. Lin and P. Wang 159
Allochthonous ostracods in the South China Sea and their significance in indicating downslope sediment contamination
B. Zhou and Q. Zhao 187
Late Pleistocene nutrients and sea surface productivity in the South China Sea: a record of teleconnections with Northern hemisphere events
H.-L. Lin, C.-T. Lai, H.-C. Ting, L. Wang, M. Sarnthein and J.-J. Hung 197
Pollen distribution in hemipelagic surface sediments of the South China Sea and its relation to modern vegetation distribution
X. Sun, X. Li and H.-J. Beug 211
A pollen record of the last 37 ka in deep sea core 17940 from the northern slope of the South China Sea
X. Sun and X. Li 227
East Asian monsoon climate during the Late Pleistocene: high-resolution sediment records from the South China Sea
L. Wang, M. Sarnthein, H. Erlenkeuser, J. Grimalt, P. Grootes, S. Heilig, E. Ivanova, M. Kienast, C. Pelejero and U. Pflaumann 245

Surface-water evolution of the eastern East China Sea during the last 36,000 years
X. Xu and M. Oda 285
